India's heartbeat is Agriculture, and at the Sandip University's School of Agriculture Science, we take pride in nurturing the future leaders of this vital sector. With a rich curriculum covering horticulture, food production, rural economy, animal rearing, environmental health, and rural development, our programs are designed to create professionals who are not just academically sound but also socially relevant.

Why Choose Sandip University's School of Agriculture Science?

- 1. Holistic Curriculum:** Our course offerings extend beyond the traditional realms, encompassing the dynamic aspects of modern agriculture. From harnessing technology for innovation to understanding the intricacies of sustainable farming, we cover it all.
- 2. Real-world Exposure:** We believe in learning by doing. Our programs are crafted to provide hands-on experience, ensuring our students are well-prepared to face the challenges of the real-world agricultural landscape.
- 3. Industry-Relevant Skills:** In collaboration with industry experts, our curriculum is updated regularly to equip students with the latest knowledge and skills demanded by the ever-evolving agricultural sector.

Explore Our Programs

1. B.Tech (Agriculture Engineering): "Harvesting Innovation through Fusion"

This program is designed for those who aspire to bridge the gap between technology and agriculture. Unleash your potential to innovate and contribute to the ever-advancing field of agriculture engineering.

2. B.Sc (Hons) - Agriculture: "Cultivate Knowledge, Nurture Growth"

Embark on a journey of comprehensive learning, where you cultivate not only crops but also invaluable knowledge. Our B.Sc (Hons) in Agriculture program is tailored to nurture your growth and development as a well-rounded agricultural professional.
