

Event Report

Event Name: Group Discussion on Gender Equality

Date of the Event: 31/10/2023

Duration of the Event: 2 Hr.

Venue: Electrical Department, MBA Building

Name of the Event Coordinator: Dr. Abhishek Thakur, Mr. Suraj Jha, Prof. Manjeet Kumar and Prof. Sanjeev Bhagat

Objective of the Program:

On the 31st of October 2023, the Department of Electrical Engineering organized a thought-provoking event, a Group Discussion on Gender Equality, aimed at fostering awareness and encouraging dialogue on this vital societal issue. The event, held at the Electrical Department in the MBA Building, provided a platform for open discussion and reflection on gender equality in various spheres of life.

Outline of the Program:

- **Opening Address:** The event commenced with an insightful opening address by Prof. Manjeet Kumar and Dr. Abhishek Thakur, the event coordinators. They highlighted the significance of gender equality in promoting social harmony, economic growth, and overall progress. Their words set the tone for the discussions that followed.
- **Group Discussions:** Participants were divided into small groups, each facilitated by a knowledgeable moderator. Engaging group discussions ensued, allowing attendees to express their thoughts, concerns, and ideas on gender equality. These discussions encouraged participants to delve deeper into the topic, fostering empathy and understanding.
- **Q&A Session:** An interactive question-and-answer session provided attendees with the opportunity to seek clarification on doubts and exchange ideas with the panelists and moderators. This session further enriched the discourse, addressing specific queries and encouraging a more nuanced understanding of gender equality issues.
- **Awareness Initiatives:** The event also featured awareness initiatives, including informative presentations, videos, and posters that highlighted key statistics and success stories related to gender equality. These initiatives aimed to dispel myths and misconceptions, promoting a more informed and inclusive perspective.

Conclusion:

The Group Discussion on Gender Equality served as a meaningful platform for raising awareness and encouraging dialogue on this crucial societal issue. The event not only provided valuable insights but also inspired attendees to challenge stereotypes, advocate for change, and contribute to a more egalitarian society.

The Department of Electrical Engineering extends its sincere gratitude to Dr. Abhishek Thakur, Prof. Manjeet Kumar and Prof. Sanjeev Bhagat for their dedication and leadership in organizing this event. Special thanks to the panelists, moderators, and all participants whose active engagement made this event a resounding success. As we reflect on the discussions and insights shared, we are motivated to continue our efforts towards creating a society where gender equality is not just a concept but a lived reality for all.
