

Event Report

Event Name: Workshop on “Electric House Wiring

Date of the Event: 30/10/2023 to 02/11/23

Duration of the Event: 4 Days.

Venue: ITI Building, Sandip University, Madhubani

Name of the Event Coordinator: Prof. Manjeet Kumar and Prof. Pooja Jha

Objective of the Program:

The Department of Electrical Engineering successfully organized a four-day workshop on “Electric House Wiring” from October 30, 2023, to November 2, 2023. The workshop aimed to enhance participants' knowledge and skills in the field of electric house wiring, covering various aspects of electrical installations and safety guidelines.

The workshop sessions were conducted at the ITI Building of Sandip University, Madhubani, from 01:00 PM to 04:00 PM daily. The event saw enthusiastic participation from students, professionals, and individuals interested in expanding their understanding of electric house wiring techniques.

Outline of the Program:

The workshop sessions were interactive and comprehensive, covering topics such as:

1. Basics of Electrical Wiring
2. Safety Protocols in Electrical Installations
3. Types of Wiring Systems
4. Hands-on Practical Sessions
5. Troubleshooting Common Electrical Issues
 - Eminent experts and industry professionals were invited to share their insights and experiences. Their lectures provided valuable real-world perspectives and enriched the participants' learning experience.
 - Participants had the opportunity to engage in hands-on activities, allowing them to apply the theoretical knowledge gained during the sessions. The practical exercises included wiring demonstrations and troubleshooting practices.
 - All participants were awarded certificates of participation, recognizing their active involvement and successful completion of the workshop.
