<u>Inauguration of Bihar's First Electric Vehicle Skill Centre at Sandip University, Sijoul, Madhubani</u>

Sandip University, located in Sijoul, Madhubani, marked a significant milestone in Bihar's industrial landscape with the establishment and inauguration of the state's first Electric Vehicle Skill Centre. The event took place on December 21, 2023, at the Management Building within the Sandip University Campus.

The ceremony was graced by the presence of esteemed dignitaries, with Mr. Sameer Kumar Mahaseth, Honourable Minister of Industries, serving as the Chief Guest. Prof. Sandeep Tiwari, Principal of Darbhanga Engineering College, was honored as the Guest of Honour for the occasion.

The establishment of the Electric Vehicle Skill Centre was a visionary initiative, inspired by the dynamic leadership of Dr. Sandip N Jha, Honourable Chairman of Sandip Foundation. Dr. Sameer Verma, Vice Chancellor of Sandip University, played a pivotal role in realizing this vision and spearheading the university's commitment to innovation and skill development.

The ceremony witnessed enthusiastic participation from industry leaders, academia, and government officials, underscoring the collaborative effort to propel Bihar towards a sustainable and technology-driven future. The Electric Vehicle Skill Centre promises to serve as a hub for excellence in electric mobility, offering state-of-the-art training, research, and development facilities to students, professionals, and enthusiasts alike.

The inauguration ceremony showcased the university's dedication to fostering industry-academia partnerships and equipping the workforce with the skills required to thrive in emerging sectors. The Electric Vehicle Skill Centre is poised to play a transformative role in advancing the state's automotive industry and contributing to its economic growth and environmental sustainability.

With the inauguration of Bihar's first Electric Vehicle Skill Centre, Sandip University reaffirms its commitment to excellence in education, innovation, and societal impact, paving the way for a brighter and greener future for the region and beyond.
